

## CLK-1

*Single bay USB Docking Station for Opticon OPH-3000 / CLK-3000*

This single bay USB docking station adds flexibility and usability to your Opticon OPH3000 / CLK3000 terminal. Its design complements that of the terminal.

This cradle can be used for both charging and communication. Simply connect the docking station to your system with the USB cable supplied with your Opticon terminal. Whilst in the cradle all buttons are still accessible for operation. The slight angle backwards offers easy visual checking of any displayed message.
