

# E3959 Cash Cassette

## High Capacity Cash Cassette

### Global Solution

The E3959 Flip Lid Cash Cassette delivers uncompromising performance and quality focused on low cost of ownership, ease of use and speed through the checkout. In addition it combines a high capacity insert tray with a variety of coin and note configurations suitable for multiple currencies in the world.

#### Mounting

The E3959 Cash Cassette is connected to a baseplate (including legacy baseplates for easy adoption) that is firmly secured to the checkout counter top.

#### Currency Compatibility

Offers a flexible insert design allowing a variety of coin, note and media storage.

#### Speed and Efficiency

The E3959 Cash Cassette is routinely tested to ensure the lid opens consistently beyond 80°, providing full access to the drawer insert.

#### Durability

The robust ABS cassette is fitted with a solid moulded insert to resist even the toughest of retail environments.

#### Reliability

Built using high quality plastics and features a release mechanism that has been tested beyond 1M operation cycles to ensure that it performs flawlessly for the life of the POS system.

#### Security

Provides a status switch back to the PoS application and is fitted with a function lock. An additional deadlock is available to prevent both electronic and manual opening for enhanced security.
