

MICRO Cash Drawer

A Compact, Short Opening Cash Drawer

General Application Cash Drawer

The MICRO, which accepts the majority of European currencies, is a uniquely designed drawer that has the same footprint as a Flip Lid but with all the functions of a front opening cash drawer.

Compact

Ideal for use in situations where space is limited, the MICRO features a short opening of just 173 mm.

Capacity

The removable high volume insert can accommodate 4 notes and 8 coins, with additional media storage underneath the coin cups.

Durable

The MICRO drawer features a robust steel construction & steel ball bearing runners for a prolonged operational life.

Versatile

The MICRO insert is compatible with the 460 Flip Lid cash drawer, providing an easy and practical solution for retailers operating both Flip Lid and Slide Out cash drawers.
