

Professional Address Label Printer with Wireless

Professional desktop labelling device, with built-in wireless.

Brother's QL-710W desktop labelling device has built-in wireless networking so the whole office can benefit from its professionally printed, customised labels. Enabling you to print everything from address labels, file labels, round CD labels, shipping labels, to barcode labels.

With easy to change rolls, fast print speeds of 93 labels per minute, and a suite of free software included to help you integrate with Microsoft Word, Excel, Outlook and your corporate network, it's a complete and efficient labelling solution. And with Brother's free iPrint & Label app, you can create and print labels directly from your iOS or Android device.

Key Features

- Save time up to 93 labels per minute print speed
- Durable Automatic cutter
- Share amongst users with wireless connectivity.
- Versatile – Choose from a range of pre-sized and continuous labels for different applications
- print address labels directly from Microsoft Word, Excel and Outlook
- Space-saving – compact size

Supplies

Die Cut labels

Standard address label (400)	29 x 90mm	DK-11201
