How to turn on / turn off the scanner

Turn on : Long press the trigger key for 2 seconds until you hear a long beep sound.

Turn off : Long press the trigger key for about 7 seconds until you hear a short beep sound.

Charging the Scanner

Before using the scanner for the first time, please charge the scanner with the cradle.

Battery Charging Status LED

Red LED light : Being charged
LED light goes off : Fully charged

How to pair the scanner with the cradle

1. Firstly, select the interface you want to communicate with your PC, for USB/RS232 cable connection, please switch the interface switch to the left/right side as below figure and then connect the cradle and the PC via the interface cable.
2. Long press trigger key for 2 seconds to turn on the scanner. And then put the scanner on the cradle to start the BT pairing automatically.
3. When the pairing is completed, both the scanner LED and the cradle LED will show solid blue light.

Interface Switch
Default : USB HID (Left) — USB Serial/RS232 (Right)
Drain hole — Station Mount Screw Holes *(2* M4X0.7, Mounting Thread Holes: Depth 5mm Max.)*
Interface Port
Pairing QR Code Label
Pairing barcode label
Cable Management Slots

Scanner type

■ These settings are for cradleless mode only when the scanner connects to the host directly not through cradle.
■ To switch the different scanner type, please do un-pair first and then select the scanner type and redo Bluetooth connection.
