

B-SV4 Series

TOSHIBA

B-SV4 Series

Specifications

Model	B-SV4D	B-SV4T
Technology	Direct thermal	Thermal transfer / Direct thermal
Printhead	Flat type	
Resolution	8 dots/mm (203 dpi)	
Print width	Maximum 108 mm	
Print length	Maximum 609.6 mm	Maximum 998.0 mm
Print speed	up to 127 mm/sec (5 ips)	
Interfaces	Serial port, Parallel port, USB, LAN*	
Barcodes	Code 39, Code 39C, Code 93, Code 128 UCC, Code 128, Code 11, Codabar, EAN-8, EAN-13, EAN-128, UPC-A, UPC-E, EAN and UPC 2(5), MSI, ITF, Plessey, Postnet, RSS	
2D codes	Data Matrix, PDF 417, Maxicode, Micro PDF 417, QR code	
Fonts	Alpha bitmap font (6 fonts), Outline font (1 font)	
Models	Standard or Cutter	Standard
Optional	Keyboard, extra cutter module for thick paper and partial cutting, expansion flash memory module, external media roll holder, strip sensor module, linerless kit, LAN adapter	
Dimensions	200 (W) x 232 (D) x 169 (H) mm	213 (W) x 314 (D) x 188 (H) mm
Weight	2 kg (without media and AC adapter)	2.8 kg (without media and AC adapter)

Customers' Benefits

The B-SV4 series is packed with features designed to benefit the user:

- High speed printing and throughput leading to increased efficiency and productivity
- Time-saving and minimal training due to fast and easy handling
- Reduced downtime and increased productivity as a result of high reliability
- Reduced repair and recovery costs, and maximized Return On Investment during the total life cycle

The CD-ROM supplied with these printers includes the Owner's manual in various languages, technical manuals (Programming, Supply, etc.) and Bartender TEC UltraLite labelling software.

Introducing the perfect labelling machine that fits in everywhere. Encased in a compact and robust shell, Toshiba B-SV4 printers perform way above all other 4" desktops in the class, whilst being extremely competitively priced. Their simple operation and high quality build provides incredible reliability and fast, easy handling.

Leading the way through Quality and Innovation

B-SV4 Series

Options

Larger Ribbon Capacity

With a huge industry-leading ribbon capacity, one 300m Toshiba ribbon in the SV4T goes a very long way, up to four times that of other thermal desktop printers. This results in fewer ribbon changes and therefore far less downtime.

Compact

The B-SV4 printers are small and light and can be installed immediately in any convenient place. Trusted all over the world for business-critical reliability, they are ideal for a wide variety of applications, including those where space is at a premium.

- Cutter
- External media roll holder
- Linerless kit
- LAN adapter

Applications

- Transport and logistics
- Express courier companies
- Transportation companies
- Airports / airplane companies
- Railway organisations
- Logistics centres / warehousing companies
- Postal organisations
- Retail
- Hypermarkets / supermarkets
- Department stores
- Specialised stores
- Hospitality
- Leisure (ticketing)
- Cinema / theatre
- Museum
- Entertainment parks
- Sport centres / competitions
- Healthcare
- Hospitals
- Laboratories
- Pharmaceutical companies
- Office

The 'super value' B-SV4 series also comes with a number of interfaces as standard.

Their main features will be appreciated by a variety of industries including transport and logistics, retail, leisure (ticketing), healthcare and office.

Incredible performance and quality at a budget price!

Speed

With a print speed of 5" (127 mm) per second, high speed printing is one of the main features of the B-SV4 series. Fitted with a fast 32 bit RISC CPU for high throughput, it also has a large 2 MB DRAM image buffer to give a maximum print length of 609.6 mm (B-SV4D), 998.0 mm (B-SV4T), 1 MB Flash memory and up to 8 MB optional memory expansion for large data file storage.

Ease of Use

Printhead, paper and sensor access is made simple by the 90° cover opening mechanism, ensuring easy media loading and cleaning.

Additionally a movable label sensor supports most media configurations.

Easy Connectivity

The B-SV4 series comes with a wide variety of interfaces as standard:

- RS232C (up to 56,000 bps)
- SPP Parallel port (Centronics)
- USB v1.1 port for fast data transfer

An optional LAN adapter is available for LAN or WLAN connectivity.

Reliability

The B-SV4 series has a robust double-walled cover design that protects the inner mechanisms against dust and external damage.

Tool-less replacement of the printhead and a clip-in platen adds up to simple trouble-free maintenance.

In addition to the competitive price, the B-SV4 series is equipped with a high quality long-life thermal head (25 km life time) which contributes to a lower total cost of ownership.

Full Compatibility

The B-SV4 series supports worldwide dot-matrix and True Type fonts. It has an auto switching 100-240V external AC adapter.

Using the Windows drivers or the in-built Toshiba programming language (TPCL2 Lite) the B-SV4 series can work with formats designed for its industrial siblings.
