

## Stylish and easy-to-use customer display with simple set-up

Enhance branding and highlight promotions with this stylish and easy-to-use customer display with simple set-up. The DM-D70 is ideal for supermarkets, pharmacies and specialty retail outlets.

The DM-D70 can be paired with Epson POS printers and operates as a simple text only display or as an enhanced text and colour display for in-store advertising and promotions.

Existing PC-POS customers benefit as the DM-D70 works with the existing drivers as a direct replacement for the DM-D110 or DM-D210.

The DM-D70 also supports new mPOS customers who are looking for a stylish, design-led alternative to old-fashioned, traditional displays. Small and midsize businesses can take advantage of a true out-of-box display, simple tools to upload images, and a modern, full colour display that's easy to connect and is an ideal style match with the TM-m30II Series.

Set-up is easy, thanks to a single USB connection for power and data.

## KEY FEATURES
