USE OUR ERGONOMIC TRICKS TO KEEP YOU ENERGISED.

POSITIONING YOUR MONITOR

Did you know that the correct distance between you and your monitor should be one arm's length, usually 55-65 cm. The height of the top of the monitor should be 2.5 cm below eye level for every 30 cm between your eyes and the monitor to keep your mind focused and engaged.

Leitz Ergo WOW Adjustable Keyboard Wrist Rest

The ideal computer wrist support for the ergonomically focused workstation keeping wrist postures as straight as possible to support health and comfort while maintaining high levels of performance.

Code 652300-

THE CORRECT WAY TO REST YOUR WRISTS!

Place your palm on the rest while suspending your wrist in the air, maximising circulation and comfort and to keep your elbows aligned with your chest - vital for correct posture and to keep your energy flowing.

Leitz Ergo WOW Mouse Pad with Adjustable Wrist Rest

Adjustable ergonomic Wrist Rest allows you to easily adjust the height of the wrist rest for your individualised comfort whilst the mouse mat offers best-in-class tracking for optical and laser mice.
