

PT-H500

Professional Handheld Label Printer

Create labels using the built-in keyboard and display, or directly on your PC.

- Print labels for all around your workplace
- Large easy-to-read display with backlight
- Automatic label cutter
- Prints 3.5, 6, 9, 12, 18 & 24mm labels

“Being able to create labels wherever I need them or design and print them from my PC, ensures my workplace is organised and all equipment is clearly identified”

PT-H500

Design then print durable labels on your Mac or Windows PC

Thanks to its handheld design, the PT-H500 helps you organise your workplace quickly and easily by creating labels to identify equipment, cables, plugs, folders, documents, storage, shelving, data backup discs/USB sticks and signage. Or when connected to your PC, add images, frames and barcodes on your labels and create stylish text using all installed True Type fonts.

P-touch labels are available in many different sizes and colours to ensure that whatever label you need, the PT-H500 can effortlessly produce them whenever or wherever they are required.

PT-H500 features

Use stand-alone, or design and print labels on your PC or Mac

Customise your labels with a choice of 126 different frames to add around your text

Portable design with a fast print speed and automatic cutter

Easy-to-use with a large, backlit graphic display

Add any of 600 installed symbols to your labels

Add a logo, barcode or image

Download latest label designs through the Brother Cloud service

Uses standard alkaline, rechargeable AA batteries, or optional AC adapter or Li-ion rechargeable battery

P-touch laminated labels – designed to last

Brother P-touch laminated TZe tapes consist of six layers of materials, resulting in a thin yet extremely strong label. The thermal transfer ink is sandwiched between two protective layers of PET (polyester film), which protects the text against the effects of liquids, abrasion, temperature, chemicals and sunlight. As the labels have been tested to the extreme, you can be confident of a professional quality label that has been designed to last.

Laminated

Temperature Resistant

Water Resistant

Fade Resistant

Abrasion Resistant

Chemical Resistant

Easy Peel

Strong Adhesion

Clearly identify items with a durable P-touch label

Throughout your workplace, there are many uses for long lasting, durable P-touch labels. Common examples include:

•Cables and plugs •Electrical equipment •CDs and DVDs •Office equipment •File folders •Filing cabinets •Staff and visitor name badges •Signage •Mail rooms •Notice boards •Shelving •Telephone extension numbers
